

Metal to Metal Screwdriver/Nutrunner, VSR

W8VB2

metabo **HPT**
DURABILITY FIRST

- **Optimal balance** of high torque and low speed to master repetitive metal to metal fastening applications
- **Trigger can be locked-on** for continuous use, reducing user fatigue
- **24.6 ft power cord** allows longer range, fewer outlet changes, and fewer extension cords

Amps.....	6.6
Bit Shank	1/4" Hex
No-Load Speed.....	0-1,700 RPM
Max Torque.....	215.1 in-lbs
Capacities	
Drywall	#10
